

## COMMITMENT

FORTY PERCENT OF THE WORLD ENERGY USAGE IS DEDICATED TO THE CONSTRUCTION AND OPERATION OF BUILDINGS. RECENT POLLS STATED THAT SIXTY-ONE PERCENT OF THE AMERICANS WANT TO DO SOMETHING TO PROTECT THE ENVIRONMENT, BUT THEY RECOGNIZE THEY DON'T KNOW HOW AND WHERE TO START. AS PART OF OUR COMMITMENT TO THE ENVIRONMENT AND ENERGY CONSERVATION, RAS HAS PROGRAMS IN PLACE TO PERFORM VOLUNTEER AND CONFIDENTIAL TESTING OF THE ENVELOPE AND SYSTEMS OF THE BUILDINGS, IN ADDITION TO OUR COURTESY MAINTENANCE ALERTS BY E-MAIL TO MANAGERS TO KEEP THE BUILDING SYSTEMS TUNED UP.
